INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

To the Board of Trustees of Fundación Public Interest Oversight Board:

We have audited the accompanying financial statements of Fundación Public Interest Oversight Board (hereinafter the "PIOB" or the "Foundation"), which comprise the statement of financial position at December 31, 2015, the statement of financial performance and other comprehensive income, the statement of changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Secretary General's Responsibility for the Financial Statements

The Secretary General is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB) and for such internal control as the Secretary General determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit, which should not be understood as a statutory audit as defined by Spanish Accounts' Auditing Law 1/2011. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

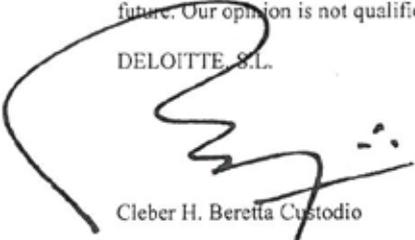

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Fundación Public Interest Oversight Board as at December 31, 2015 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IASB).

Emphasis of Matter

We draw attention to Note 2 in the financial statements in relation to the Foundation's future funding commitment. On February 18, 2016, the International Federation of Accountants (hereinafter "IFAC") has confirmed the extension of its guarantee for yearly funding of EUR 1.5 million after adjustment of inflation in relation to the Foundation's operating expenses up to March, 2018. Additionally, the European Commission (hereinafter "EC") has also committed to reimburse up to 30% of the Foundation's eligible costs up to a maximum of EUR 312,000 for 2015 provided that the funds contributed by IFAC have not reached more than two thirds of the total 2015 revenues (in 2015 IFAC contributions represented 61% of its total revenues). As indicated in such note to the financial statements, Management believes that IFAC commitment to fund the PIOB will be further extended, as well as additional contributions such as the EC grant, among others, will be available in the future. Our opinion is not qualified in respect of this matter.

The Fundación Public Interest Oversight Board (“the Foundation”) was constituted on 15 December 2005 under the Foundations Law 50/2002, the Spanish law for not-for-profit foundations. Its founders were the International Organisation of Securities Commissions, the Bank for International Settlements and the International Association of Insurance Supervisors, three international regulatory groups committed to maintaining the stability of the international financial system and operating in the international public interest.

As described in its by-laws, the objective of the Foundation is to strengthen the international financial reporting system through overseeing the standard-setting activities of designated boards of the International Federation of Accountants (“IFAC”) and undertaking any other appropriate programs and projects that will contribute to achieving its objective. The Foundation’s Board of Trustees is responsible for ensuring that the Foundation operates within its mandate and meets its legal and administrative obligations to the Spanish

government. A Technical Committee of the Board is responsible for planning and executing the Foundation’s oversight program and related activities. Support for the Board of Trustees and the Technical Committee is provided by the Foundation’s Secretariat based in Madrid, Spain.

In addition to its local regulatory responsibilities, the Foundation is operationally and financially accountable to its Monitoring Group. The Monitoring Group consists of a forum of international regulators and other public interest bodies, including two of the Foundation’s founding organizations. Such Group monitors the progress of a 2003 program of IFAC reforms in which the Foundation’s Technical Committee performs a key public oversight role. The Monitoring Group also approves the Foundation’s annual budget.

Accounting policies

2

BASIS OF PREPARATION

The financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board and do not correspond to the statutory financial statements of the Foundation as required by the Spanish Law in accordance with the Accounting Plan for Small and medium not –for-profit entities issued by the Resolution of 26 March 2013 of the Spanish Accounting and Auditing Institute (ICAC).

The financial statements are prepared in Euros which is the Foundation’s functional currency.

These financial statements were formulated by the Secretary General of the Foundation on March 11, 2015.

FINANCIAL STATEMENTS

The Secretary General is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement,

whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

ACCOUNTING ESTIMATES

Preparation of the financial statements in accordance with International Financial Reporting Standards requires management to make estimates and assumptions that affect the amounts recorded in the financial statements and in the notes to financial statements. These estimates and assumptions are based on management’s best knowledge of existing facts and circumstances as well as any current period impact of actions that the Foundation may undertake in the future. Actual results may differ from those estimates.

NEW STANDARDS AND INTERPRETATIONS ISSUED

The financial statements have been drawn up on the basis of accounting Standards, Interpretations and amendments effective at the beginning of the accounting period on 1 January 2015.

The Foundation has concluded that there are no relevant Standards or Interpretations in issue that are not yet adopted that will have a material impact on the Foundation’s financial statements.

MEASUREMENT BASE

The statements of financial performance and other comprehensive income, financial position, changes in equity and cash flows have been prepared on the historical cost and an accrual basis with all assets and liabilities valued at amortized cost, unless otherwise stated in the accounting policies.

FOREIGN CURRENCY TRANSLATION

Foreign currency transactions are accounted for in Euros and translated at the rates of exchange prevailing at the transaction date. Exchange gains or losses on subsequent settlement of related balances are recognised in the income statement when they arise.

Financial instruments denominated in foreign currencies at the balance sheet date are translated to their Euro equivalent at the prevailing foreign exchange rate. Foreign exchange differences arising on translation are recognised in the income statement.

REVENUE AND COST RECOGNITION

Under a revised agreement dated January 2008, the International Federation of Accountants (hereinafter "IFAC") committed to fund the operating expenses of the Foundation to a limit of EUR 1.317.000 per year, adjusted for inflation, for a period of five years, up to March 2015. This replaces a previous commitment to provide up to US \$1.500.000 per year, also for a period of five years, adjusted for both inflation and foreign currency exchange movements.

On March 6, 2014 IFAC confirmed their willingness to extend the guaranteed funding period by one additional year to March 2016; on February 20, 2015 IFAC confirmed a new one-year extension of the funding guarantee until March 2017; and on February 18, 2016 IFAC confirmed an additional one-year extension of the funding guarantee until March 2018.

Revenue from IFAC represents less than two-thirds of total revenues (61%) and is recognized on an accrual basis since it is related to yearly funding. Management believes that IFAC commitment to fund the PIOB will be extended into 2019, which together with additional contributions, such as the European Community grant, allow the Foundation to prepare these financial statements on a going concern basis.

In September 2009 the European Commission (EC) decided to award a grant to the Foundation for each of the years of the period 2010-2013 to support the Foundation's work programme.

In addition, the EC awarded a new grant to the Foundation for each of the years of the period 2014-2020, through the Regulation (EU) No. 258/2014 of the European Parliament and of the Council of 3 April 2014. The contribution for the year 2015 is for a maximum of

€312.000 or 30% of the eligible costs (€ 272.000 for 2014). The 2015 Grant agreement with the EC establishes that if funding by IFAC reaches more than two-thirds of total funding in 2015, the EC shall limit its contribution for 2015 to a maximum amount of EUR 300.000.

This revenue is recognized on an accrual basis based on the total eligible costs of the program.

The Monitoring Group decided in October 2010 that the funds received from the European Commission should replace IFAC's funding.

Interest income from financial instruments, if any, is recorded as part of revenues on an accrual basis since it is considered as a replacement of IFAC's yearly funding for the same amount.

Revenue is mainly denominated in Euros.

Operating costs are recognised as an expense when incurred.

CASH AND BANK BALANCES

The Foundation's policy is to present cash bank balances together with temporary investments, if any, having a term of three months or less from the acquisition date as cash and cash equivalents.

CAPITAL ASSETS

Capital assets are recorded at cost. Any impairment in the net recoverable amount as compared to the net carrying amount is recognized immediately. Gains and losses on disposal are determined by comparing proceeds with carrying amounts and are included in operating surplus. Repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Capital assets are depreciated over their estimated useful lives according to the following methods and annual rates:

	Methods	Rates
Computer equipment		
IT Equipment and Software	Straight-line	25 %
Furniture	Straight-line	10% - 20%

CASH FLOW STATEMENT

The following are definitions of the terms used in the cash flow statement:

Cash and bank balances comprise cash on hand, current bank balances and short - term deposits, if any, that can be converted to cash within three months or less.

Operating activities include all transactions and other events that are not investing or financing activities.

Investing activities are those activities relating to the acquisition, holding, and disposal of fixed assets and investments.

FINANCIAL INSTRUMENTS

Financial instruments are recognized on the trade date at amortized cost and are derecognized at sales date when the rights to receive cash flows from the instrument expire. At December 31st 2015 and 2014 there were no balances invested in bank deposits.

Liquidity risk:

The Foundation manages its working capital to ensure sufficient cash resources are maintained to meet short-term liabilities.

There are no borrowings or outstanding debt at December 31, 2015.

Credit risk:

As mentioned in note 2, section "Revenue and cost recognition" the European Commission decided to award a grant to the Foundation for the periods 2010-2013, and 2014 - 2020. The amount that remains in the Balance Sheet is mainly related to the 2015 grant that will be paid during 2016.

The Foundation considers that credit risks related to collection of grants from the European Commission are not significant. Also, the Bank where the Foundation holds its cash and bank balances has been graded at the short – term as an A-2 financial entity.

Currency risk:

The Foundation operates separate bank accounts in Euros. There is no currency risk associated with these balances; therefore the Foundation did not hedge its foreign currency exposure.

Foreign currency transactions are translated to Euros at the date of the transactions.

Fair values:

As at December 31, 2015, the carrying amounts for all financial instruments held by the Foundation approximate to their fair values.

Restrictions on the use of cash and cash equivalents

There are no restrictions on the use of cash or cash equivalents.

TAXATION

On 29 March, 2006, the Spanish Parliament passed legislation included within law 4/2006 of 29 March 2006, to specifically exempt the Foundation from Spanish income tax.

Financial interest income is recorded for the gross amount and is also exempt of the applicable taxes.

Revenue received in advanced

11

Revenue received in advance at 31 December 2015 of €301.230 (2014 of €301.478) represents IFAC funding received in 2015 that has been designated to fund 2016 activities.

Endowment funds

12

To meet the minimum legal capital requirements established by Spanish law, the founders (see note 1) collectively provided an initial endowment for 30.000 Euros. Such endowment cannot be used by the Foundation.

Positions on the Board are voluntary and there is no honorarium paid for any position held. The following persons were members of the Board during the year:

Mr. Eddy Wymeersch	Chairman
Mr. Chandrashekhar Bhaskar Bhave	Board member
Mme. Jane Diplock	Board member
Mme. Maria Helena Pettersson	Board member
Mr. Karel Van Hulle	Board member
Mme. Aileen Pierce Gleeson	Board member from 23 March 2015
Mr. Michael Valentin Holm	Board member from 23 March 2015
Mr. Nicolaas Arie van der Ende	Board member until December 18, 2015

Government Assistance

As part of the localisation agreement in Madrid, the Foundation receives the right from the Spanish authorities to use a portion of the premises located at Oquendo, 12 for a maximum period of 75 years that shall be renewed every four years. This use is free of charge, except for non-structural maintenance expenses (electricity, water, elevator maintenance, etc). The Foundation renewed the agreement with the Spanish Authorities on September 26, 2011 and September 26, 2015.

The estimated revenue in kind associated to the 33% share to use free of charge of the Oquendo 12 premises is of approximately €128.154, which the Foundation has decided not to record but to disclose as a note in its financial statements.

Auditors' remuneration

This note shows the total remuneration payable by the PIOB to its auditors.
